Kids need Clubs.
Poor academic performance, obesity, drug use, and youth-related violence are cause for concern nationwide.

Together, we’re ensuring great futures.
Thanks to your support, kids in our communities have safe, productive places to go through the Boys & Girls Clubs of Snohomish County.

Your partnership and support of before school, after-school and summer programs help prevent negative behavior, inspiring and empowering kids to be successful.

Our Mission
To enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.

31% of kids in Snohomish County are left unsupervised and alone afterschool.

34% of low-income 3rd graders do not meet reading standards.

52% of low-income 7th graders do not meet math standards.
We’re Growing!

Snohomish County is one of the fastest growing counties in Washington. Now, more than ever, kids need a safe and positive place to spend their out of school time.

To meet this challenge, we have strengthened our partnership with Boys & Girls Clubs of America and local Native American communities.
We believe in the potential of all youth.
