FORMULA FOR IMPACT: How We Accomplish Our Mission

Scott Haight, M.D.

“Like many children who grew up in Mukilteo, a lot of my free time was spent at the Boys & Girls Club. For me, it was a place to play with friends and a place to hone my basketball game doing drills by myself. Although I have since traded my sneakers and basketball for scrubs and a stethoscope, the lessons I learned there continue to serve me well. I now work as a physician in the Emergency Department at MultiCare Auburn Medical Center. As an emergency medicine physician it is surprising how many things I learned from “The Club” that apply to my work now.”

More than just homework help

When I wasn’t doing well in school they checked on me to see if I was doing my work and always asked if I needed help. They would check my grades to see if I was doing well and when I got my grades up they kept motivating me. I was given an honor roll award thanks to them.”

– Brandon W., Monroe Club

High-Yield Learning Activity (HYLA): “fun with a purpose”

“The staff stressed the importance of being successful in school and encouraged me not to give up. They assured me that I was making positive progress each day. Due to the assistance I received in Power Hour, a Core Program, I improved in my academics tremendously.”

– Lexi J., Oak Harbor Club

97% of our teen Club members expect to graduate from High School on time, compared to 77% of their peers in Snohomish County
“I have become a **better person** just because of this Club”

– Michael S., North Kitsap Club

“Kids benefitted from Positive Relationships and Mentoring with almost 1,800 Adult Volunteers

“Good Character & Citizenship”

“One in Five members volunteer in their community at least once per month

“Healthy Lifestyles”

“Healthy Habits introduced me to better food choices, such as fruits and vegetables, portion control, and the importance of staying active.”

– Lexi J., Oak Harbor Club

“Your Generosity Provided over 825,000 Healthy Meals and Snacks in 2015

“If it hadn’t been for the Club’s athletic program, I wouldn’t have started sports or had any physical activities. **Because of the Boys & Girls Club,** I learned how to play volleyball, and grew to become the MVP of my volleyball team at Marysville-Getchell High School.”

– Madalyn B., Marysville Club

“Kids benefitted from Positive Relationships and Mentoring with almost 1,800 Adult Volunteers

“If it weren’t for the Club I wouldn’t have learned about taxes, how to save money, (and) how to spend money in a smart way.”

– Esany P., Everett Club

“They [the Boys & Girls Club Staff] always told me I was a good leader. I always thought of myself as another common person just living life, but they changed my way of thinking and now I believe I could become someone significant in this world. They never stopped believing in me.”

– Brandon W., Monroe Club
